V. POLICY AND PROCESS (Information or Discussion/Action)

A. CSU and Area F: Submission Deadline (Discussion) – J. Kalfsbeek-Goetz, M. Bowen

J. Kalfsbeek-Goetz- CSUs have passed AB 1460. The legislature has determined that to graduate from a CSU you must complete 3 units in what will be a new Area F in Ethnic Studies. To have an Area F course one must have a discipline, department with Ethnic Studies in the name, and faculty teaching the courses in Area F. who meet the min qualifications or equivalency for Ethnic Studies. The department needs to be in place by Spring 2021, and the courses listed in the catalog by Fall 2021.

M. Bowen- For CSU GE courses, the articulation deadline for Area F. only has been extended until Feb. 1st 2021, area A-E still due in Dec. Feedback on the approvals are normally between April-July. There seems to be conflicting FAQ statement issued by the CSU system. They stated that co-listed courses are acceptable even if the student enrolled in the half of the course that was not Ethnic Studies. But at the AO meetings, the CSU articulation rep stated that students would only earn credit for Area F if they enrolled in the Ethnic Studies half.

J. Kalfsbeek-Goetz- Clarifies that the courses could be co-listed but a student has to take the AES section even if it's co-listed with another course. So, to count for Area F they have to register for the AES section to qualify. Whoever is teaching those courses would have to meet the min quals for Ethnic Studies. There will be something going out in the next few days to get a sense of where we are as a campus and who meets the min quals and who would be interested in being a part of the development.

G. Espinoza-Sanchez- Question: If a student happened to enroll in a co-listed course but didn't take the AES section will Admissions & Records allow a Section Change.

J. Kalfsbeek-Goetz- We will work with Admissions & Records. We don't want students taking more units because of something that is confusing. Since this doesn't go into effect until Fall 2021, we currently don't have any classes that meet the 5 learning outcomes needed to qualify

B. Spring 2021 potential DE Addenda (Discussion/Action) – J. Kalfsbeek-Goetz, D. Farias (on behalf of TADA workgroup), M. Bowen

1. ~90 courses identified as likely candidates for Spring 2021 updates

M. Bowen- Additional courses for Spring 2021 have been identified, there's around 85-90 courses that will be offered in Spring 2021 that were not offered this past summer or fall that will need to undergo the process. The department chairs are needed to identify which DE modalities that they want as temporary or permanent. D. Farias will be in contact with the department chairs, please be prompt in your response.

D. Farias- The chairs will receive a table that has the list of courses that need DE. They need 3 options checked, so some combination of emergency and permanent. Even if they never plan to offer it in these modalities, we need 3 options. We have to cover all bases up to 100%. If they don't check a 100% option, she will executive decide that they get 100% DE emergency only. So, make it very clear if you're teaching some of these courses. We need to have some combination of 50% checked whether emergency or permanent, some version of 51-99% and some version of 100%.

M. Bowen- To the Deans, if you have any late starting classes for fall that you're adding to the schedule that have not been approved for DE please let the Curriculum Committee know. So, if you're adding a first-time course that has not been listed previously, please send to M. Bowen, M. Callahan and D. Farias.

No vote taken on this item.

C. Curriculum Committee Goals for AY 20-21 (Discussion/Action) – M. Bowen, D. Farias, P. Sezzi

1. Election of Curriculum Co-Chair (October deadline)

M. Bowen- Request for any nominations from existing members or if someone would like to nominate someone else. There have been some mentions of postponing the deadline since it's been a crazy year. It's in the bylaws and would require a two-third Curriculum Committee vote. If no one is nominated, it will be postponed until someone volunteers.

K. Wellman- Nominated D. Farias

D. Farias- Respectfully declines at this time. D. Farias shared an email on behalf of Chloe Branciforte, "We should postpone co-chair(s) nominations until April. I recognize our bylaws state we need to pick a co-chair in fall; however, these are unprecedented times. The selection of a new co-chair should be done properly and not be rushed. Would the committee need to petition Academic Senate for a postponement or another body? In any case, I imagine we would gain their support. Particularly if we explain the postponement is to allow the committee to develop a plan for our future success. During the postponement, the committee would determine co-chair responsibilities and develop curriculum workgroups, much like TADA. These changes would provide the co-chair and members with a more reasonable workload and prevent the backlog we are currently experiencing. Additionally, these changes would improve transparency, and ensure a single person is not responsible for the entire system. The new co-chair(s) would not be at a disadvantage because they will be actively involved in the process and have access to the workgroup. I plan to return in spring to the committee and will happily help dismantle our current system and rebuild a more successful one."

P. Sezzi- Raising point of order. Are you seeking nominations? Or is this just information?

M. Bowen- Yes, it's informational but also if anybody is interested in serving or nominating someone, we're open for ideas.

P. Sezzi- Appeal the ruling of the chair to request clarification. Did I hear you interpret our bylaws saying if there are no nominations by October then we wouldn't be contravening the senate bylaws but nominations would just be open until they're filled?

M. Bowen- From my understanding, it's actually in the Curriculum Committee bylaws. Not sure if Academic Senate would have to approve a variation of that if the Curriculum Committee succeeded in holding a two-third vote to delay the deadline. Procedurally, we would prefer to the Academic Senate to be involved in the process in terms of changing our usual rules reason being the pandemic.

Question: How do we go about the Curriculum Committee meetings if there is no co-chair? Is there an Interim?

M. Bowen- We don't have a procedure for when there's no co-chair. Someone will need to put the agenda together, go to tech review committees. Not sure if that would be the Academic Senate President who would be asked to step in. If people are concerned about it, there's nothing stopping the Curriculum Committee from establishing a procedure.

D. Clark- At the end of spring semester is the time Academic Senate chooses their own chair.

G. Wood Suggestion: Is there any way we would have enough time to run elections when it's less hectic?

D. Farias- If Senate is stating we have until spring, I agree with Chloe's email of postponing the elections because we need a clear sense of what the duties would be. Suggestion to make the conversation around two co-chairs to split the duties and approach as a committee what we want the committee to do and how we want it to operate moving forward. With that knowledge in place then select a co-chair.

2. Other goals

D. Farias – Suggestion to reorganize the structure, process and function of how the Curriculum Committee works and redistribute Curriculum Committee duties to committee members who can help take on more tasks so there's less bottle neck happening.

P. Sezzi- Suggestion to look at everything the Curriculum Committee does through an anti-racist lens. We need to critically look at everything the Curriculum Committee does differently and really ask if it's in our best interest.

R. Gamboa-Suggestion that Curriculum Committee become for collaborative with faculty and students in terms of ensuring we maximize equity and anti-racism. We need to start looking at all curriculum and ask how each department is making those changes to their own curriculum using an anti-racist lens. Look into including our students in the topics we teach and include them in the curriculum that is being taught.

M. Rivera- Suggestion of full time AO being identified in a reasonable time frame and communicated to the committee.

<i>P. Sezzi moved to suspend the rules and move to Item VI. REQUISITES: CURRICULAR PROPOSALS FOR APPROVAL and extend the Curriculum Committee meeting 10 minutes.</i>	
<i>Motion by:</i>	<i>P. Sezzi</i>
<i>Seconded by:</i>	<i>R. Gamboa</i>
<i>Discussion:</i>	<i>None</i>
<i>Final resolution:</i>	<i>Approved by acclamation</i>

XIV. PHILOSOPHY AND GENERAL EDUCATION CURRICULAR PROPOSALS FOR APPROVAL (Discussion/Action)

- A. Additions to local AA/AS GE list recommended by P&GE workgroup from meeting on 9/29/20 (Discussion/Action):

1. CHST V03/AES V03: B2 (Social and Behavioral Sciences), C2 (Humanities), F (Ethnic/Gender studies)
2. HIST V47/AES V47: B1 (American History/Institutions), B2 (Social and Behavioral Sciences), C2 (Humanities), F (Ethnic/Gender Studies)

<i>M. Bowen called for a motion to approve the P&GE proposals</i>	
Motion by:	P. Sezzi
Seconded by:	M. Rivera
Discussion:	<i>We may see courses CHST V03/AES V03 and HIST 47/AES V47 come forward again to ensure the 5 Ethnic Studies learning outcomes required from the CSU's for Area F are clearly stated. The AES will need to be the primary, not a secondary. Also, a faculty member will have to be hired into the Ethnic Studies discipline who meets the min quals.</i> <i>These changes will be effective Fall 2020. The local GE check sheet for counseling will be updated so the courses approved will be on the Fall 2020 check sheet.</i>
Final resolution:	Approved additions to local AA/AS GE List
Yes:	D. Clark, D. Farias, G. Wood, G. Espinoza-Sanchez, J. Fischer, K. Wellman, K. Guzman- Gonzalez, M. Rivera, M. Bowen, M. Callahan, N. Falco, P. Sezzi, R. Gamboa

B. Recommendations for process to remove existing GE designation (Discussion/Action)

General announcement about a topic of discussion in the P&GE meeting. We have not had in the past a documented procedure for removing GE designations along the lines of ANAT V01. The P&GE would like to recommend to the CC that removals of GE designations be handled in a process parallel to the process used to add courses. Moreover, the rubrics be adjusted to accommodate the possibility of either additions or deletions.

M. Bowen- I will arrange for the rubrics to be added to the next CC meeting agenda so we can take a look at the current wording and appoint a work group to make recommendations for updating the criteria by which we make judgement for updating GE.

This agenda item was postponed until the next meeting due to time. No motion/vote taken.

C. Removal from local AA/AS GE list: requested by host department (Discussion/Action):

1. ANAT V01
 - i. Letter from faculty (see attachment)
 - ii. Data collection

Recommended by acclamation to postpone the discussion until next CC meeting.

XV. REPORTS (Information)

 2. Fall 2020 Programs pending approval at the State: COCN Basic Law Enforcement (noncredit/new)
 3. Round 2 DE addendum course submission update: 60% of round 2 list submitted

XVI. DISCUSSION/INFORMATION (Information or Discussion/Action)

- A. Updated Title 5 Index Spreadsheet (Information; see attachment) – M. Bowen

This agenda item was postponed until the next meeting due to time.

B. Acronym Excerpt from Curriculum Handbook (Information; see attachment – M. Bowen

This agenda item was postponed until the next meeting due to time.

C. Proposed Program Submission Excerpt from Curriculum Handbook (Information; see attachment) – M. Bowen

This agenda item was postponed until the next meeting due to time.

XVII. GENERAL ANNOUNCEMENTS AND REQUESTS FOR FUTURE AGENDA ITEMS

- *We are having an ongoing discussion about the postponement of this election for co-chair due the extraordinary nature of our current situation. Some members expressed interest of adding this as a discussion/action item on the next CC Agenda.*
- *Provide rubric on next CC Agenda for removing GE designations.*

Meeting adjourned: 4:48 p.m.

ASSOCIATE IN ARTS IN COMMUNICATIONS STUDIES FOR TRANSFER
VENTURA COLLEGE
PROGRAM NARRATIVE
Revised 10.02.20

Item 1. Statement of Program Goals and Objectives

- A. The Associate in Arts in Communication Studies for Transfer program meets the following core missions of the college. It is designed to prepare students for:
1. Major preparation for transfer
 - a. The courses in this Associate in Arts degree in Communication Studies for Transfer program satisfy requirements for transfer to a Communication Studies program in the CSU transfer system.
 2. Enhancing personal growth, quality of life and relationship building
 - a. The courses in the Associate in Arts degree in Communication Studies for Transfer program provide knowledge to improve quality of life including; sense of self, coping techniques with communication apprehension in all circumstances, relationship concepts and management, inter- cultural communication, and critical thinking.
 - b. Students who complete communication studies classes will be able to organize their ideas in oral, written, and/or performance settings.
- B. The Program Student Learning Outcomes
1. Effectively communicate their ideas verbally and/or nonverbally
 2. Effectively communicate in interpersonal, group, and intercultural settings.
 3. Effectively identify communication theory utilized within various communication contexts.

Item 2. Catalog Description

Associate in Arts in Communication Studies for Transfer

Communication and speech are two of the most fundamental skills any student can acquire. Oral communication competence is the most highly prized and sought-after skill in the professional world, and an indispensable requirement for succeeding in all academic disciplines.

The Associate in Arts in Communication Studies for Transfer (Communication Studies AA-T) is intended for students who plan to complete a bachelor’s degree in Communication Studies or a similar major at a CSU campus. For a current list of what majors (and what options or areas of emphasis within that major) have been designated as “similar” to this degree at each CSU campus, please refer to <https://adegreewithaguarantee.com/en-us/find-your-path> and seek guidance from a Ventura College counselor. Students completing this degree are guaranteed admission to the CSU system, although not necessarily to a particular CSU campus or major.

Students transferring to a CSU campus that accepts the Communication Studies AA-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is a designated “high-unit” major at a particular campus). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

To earn an Associate in Arts in Communication Studies for Transfer degree, students must meet the following requirements:

1. Complete 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC-CSU) or the California State University General Education-Breadth (CSUGE-Breadth) Requirements.
 - b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average (GPA) of 2.0 in all CSU transferable coursework. While a minimum GPA of 2.0 is required for admission, some transfer institutions and majors may require a higher GPA. Please consult with a counselor for more information.
3. Obtain a “C” grade or better or “P” in all courses required in the major. Even though a “P” grade is allowed (Title 5 Section 55063), it is recommended that students complete their major courses for a letter grade (“A,” “B,” or “C”) due to until limitations on “P/NP” courses.
4. Complete a minimum of 12 units in residence at Ventura College.

Items 3-7.

No written response is required for Narrative Items #3–7. All ADTs are developed in accordance with SB1440. SB1440 was authorized with alignment and in compliance with Title 5, Chapter 6, Subchapter 2, sections 55100 and 55130. ADTs and corresponding transfer model curriculum (TMC) were developed collaboratively by intersegmental discipline faculty from the community colleges and the CSU. ADTs assist local community colleges in meeting master plan goals of enhancing transfer opportunities for students.

Transfer Model Curriculum (TMC) Template for Communication Studies

CCC Major or Area of Emphasis: Communication Studies

TOP Code: 1506.00

CSU Major(s): Communication, Communication Studies

Total Units: 18 (all units are minimum semester units)

In the four columns to the right under the **College Program Requirements**, enter the college's course identifier, title and the number of units comparable to the course indicated for the TMC. If the course may be double-counted with either CSU-GE or IGETC, enter the GE Area to which the course is articulated. To review the GE Areas and associated unit requirements, please go to Chancellor's Office Academic Affairs page, RESOURCE section located at:

<http://extranet.cccco.edu/Divisions/AcademicAffairs/CurriculumandInstructionUnit/TransferModelCurriculum.aspx>

or the ASSIST website:

http://web1.assist.org/web-assist/help/help-csu_ge.html.

The units indicated in the template are the **minimum** semester units required for the prescribed course or list. All courses must be CSU transferable. **All courses with an identified C-ID Descriptor must be submitted to C-ID prior to submission of the Associate Degree for Transfer (ADT) proposal to the Chancellor's Office.**

Where no **C-ID Descriptor** is indicated, discipline faculty should compare their existing course to the example course(s) provided in the TMC at:

<http://www.c-id.net/degreereview.html>

Attach the appropriate ASSIST documentation as follows:

- *Articulation Agreement by Major (AAM)* demonstrating lower division preparation in the major at a CSU;
- *CSU Baccalaureate Level Course List by Department (BCT)* for the transfer courses; and/or,
- *CSU GE Certification Course List by Area (GECC)*.

The acronyms **AAM**, **BCT**, and **GECC** will appear in **C-ID Descriptor** column directly next to the course to indicate which report will need to be attached to the proposal to support the course's inclusion in the transfer degree. To access ASSIST, please go to <http://www.assist.org>.

This course is being proposed for the following Ventura College General Education area(s):

A1: A2: B1: B2: C1: C2: D1: D2: E1: E2: F:

Course aligns with Title 5 General Education area description (see page 2 for full descriptions):

(A) Natural Sciences (B) Social and Behavioral Sciences
 (C) Humanities (D) Language and Rationality

Course aligns with VCCCD Local General Education areas (see page 2 for full descriptions):

(E) Healthy and Physical Education/Kinesiology (F) Ethnic/Gender Studies

(AP 4025) Elements of the review process will include, at a minimum, the following:

- The alignment of the course outcome to general education outcome of the proposed area
- The rigor and comprehensive nature of the course as a lower-division introduction into the discipline
- Applicability of the course for fulfilling CSU GE-Breadth or Intersegmental General Education Transfer Curriculum (IGETC) for transfer

This course has been approved for the following areas:

A1: A2: B1: B2: C1: C2: D1: D2: E1: E2: F: N/A:

This course has not been approved for the following areas:

Title 5 (§55063(b)) General Education Area descriptions:

(A) Natural Sciences: Courses in the natural sciences are those which examine the physical universe, its life forms, and its natural phenomena. To satisfy the general education requirement in natural sciences, a course shall be designed to help the student develop an appreciation and understanding of the scientific method, and encourage an understanding of the relationships between science and other human activities. This category would include introductory or integrative courses in astronomy, biology, chemistry, general physical science, geology, meteorology, oceanography, physical geography, physical anthropology, physics and other scientific disciplines.

(B) Social and Behavioral Sciences: Courses in the social and behavioral sciences are those which focus on people as members of society. To satisfy the general education requirement in social and behavioral sciences, a course shall be designed to develop an awareness of the method of inquiry used by the social and behavioral sciences. It shall be designed to stimulate critical thinking about the ways people act and have acted in response to their societies and should promote appreciation of how societies and social subgroups operate. This category would include introductory or integrative survey courses in cultural anthropology, cultural geography, economics, history, political science, psychology, sociology and related disciplines.

(C) Humanities: Courses in the humanities are those which study the cultural activities and artistic expressions of human beings. To satisfy the general education requirement in the humanities, a course shall be designed to help the student develop an awareness of the ways in which people throughout the ages and in different cultures have responded to themselves and the world around them in artistic and cultural creation and help the student develop aesthetic understanding and an ability to make value judgments. Such courses could include introductory or integrative courses in the arts, foreign languages, literature, philosophy, and religion.

(D) Language and Rationality: Courses in language and rationality are those which develop for the student the principles and applications of language toward logical thought, clear and precise expression and critical evaluation of communication in whatever symbol system the student uses. Such courses include:

(i) English Composition: Courses fulfilling the written composition requirement shall be designed to include both expository and argumentative writing.

(ii) Communication and Analytical Thinking: Courses fulfilling the communication and analytical thinking requirement include oral communication, mathematics, logic, statistics, computer languages and programming, and related disciplines.

VCCCD (AP 4025) General Education Area descriptions:

(E) Health/Physical Education and Kinesiology: Courses in Health, Physical Education and Kinesiology should help students develop the understanding of integrated wellness strategies and the skills necessary for designing, implementing, and maintaining a healthy lifestyle.

(F) Ethnic/Gender Studies: Courses in ethnic and gender studies should help students develop an awareness of the diverse historical roots and an appreciation of the cultural contribution of minorities and women; and/or should lead to an understanding of the causes and consequence of socio-economic inequality based on race, sex, sexual orientation, gender identity, or ethnicity; and explore ways of eliminating such inequities.

Ventura College General Education Philosophy Statement (VC Catalog)

General Education is designed to introduce students to the variety of means through which people comprehend the modern world. It reflects the conviction of the college that those who receive our degrees must possess in common certain basic principles, concepts and methodologies both unique to and shared by the various disciplines. College educated persons must be able to use this knowledge when evaluating and appreciating the physical environment, the culture, and the society in which they live. Most importantly, general education should lead to better self-understanding.

This understanding involves the ability to think and to communicate clearly and effectively, both orally and in writing; to understand and apply mathematical concepts; to understand the modes of inquiry of the major disciplines; to be aware of other cultures and times; to achieve insights gained through experience in thinking about ethical problems; and to develop the capacity for self-understanding. In addition to these accomplishments, students shall possess sufficient depth in some field of knowledge to contribute to lifetime interest.

To meet the objectives of general education:

- A.** Courses in the **natural sciences** are those that help students examine the physical universe, its life forms, and its natural phenomena; and develop an understanding and appreciation of the scientific method and of the relationships between science and other human activities.
- B.** Courses in the **social and behavioral sciences** help students develop an understanding of the method of scientific inquiry used in the social and behavioral sciences; stimulate in students critical thinking about human behavior; and promote an appreciation of how societies and social subgroups have operated in the past and function in the present.
- C.** Courses in the **humanities** help students develop an awareness of how people of different cultures throughout the ages have responded to themselves, other people, and their environment in artistic and cultural creation; develop aesthetic understanding and the ability to make value judgments; and participate in creative experiences.
- D.** Courses in **language and rationality** help students develop principles and applications of language toward logical thought, clear and precise expression, and critical evaluation of communication in whatever symbol systems the students use.
- E.** Courses in **health and physical education/kinesiology** help students develop the understanding and skills necessary to maintain a healthful life.
- F.** Courses in **ethnic and gender studies** help students develop an awareness of the historical roots and an appreciation of the cultural contributions of diverse ethnic populations and women; lead to an understanding of the causes and consequence of socio-economic inequality based on race, sex, sexual orientation, gender identity, or ethnicity; and explore ways of eliminating such inequities.

AA/AS General Education Requirements: Biological Sciences Area

To receive an AA/AS Degree at Ventura College, students need to successfully complete one class in the Biological Sciences Area of the General Education requirements. This area includes 36 different course options (based on the 2019-2020 course catalog). Enrollment, retention, and success data were analyzed for all 36 courses over the spring 2018, fall 2018, spring 2019, and fall 2019 semesters.

Enrollment and Success by Major

Student major data is notoriously difficult to rely upon. Students select a major when they initially apply to the college. They may then change it multiple times, but these changes may not be reflected in Banner. In some cases, it isn't updated in Banner until they graduate with a degree in a different area. In addition, many Nursing students major in General Studies: Natural Science until they are formally accepted to the Nursing program. As a result, data on student majors should be interpreted with caution.

The table below displays enrollment, retention, and success for the top 10 highest-enrolling majors in Anatomy V01 in spring 2018, fall 2018, spring 2019, and fall 2019.

Enrollment and Success by Prerequisite Status

Prior to Fall 2013, Anatomy V01 had a Biology prerequisite. Before enrolling in Anatomy, students were required to successfully complete either 1) BIOL V01 and BIOL V01L, or 2) BIOL V03. To analyze the impact of this change on enrollment and success, data was analyzed for the last four fall/spring terms before the prerequisites were removed (fall 2011, spring 2012, fall 2012, and spring 2013), and from four recent fall/spring terms (spring 2018, fall 2018, spring 2019, and fall 2019).

The recent terms had nearly double the enrollment of the prerequisite terms. The success rate was slightly higher in the recent terms, but the retention rate was slightly lower. It should be noted, however, that we are comparing recent success data to data from 5-6 years ago. There may have been additional changes to Anatomy V01 in this timeframe other than the removal of the prerequisite that contributed to the retention and success changes. These may include faculty academy participation, course outline changes, etc. Thus, it is difficult to solely attribute the changes in success/retention to the removal of the prerequisites. That being said, it does seem likely that the increase in enrollment is due in large part to the removal of the prerequisites, since that removed the primary barrier to enrolling in the course.

*Changed title from "Credit by Examination" to "Credit for Prior Learning"

Granting unit credit for prior learning ~~a course-y examination~~ is based on the principle that previous experience, training, or instruction is the equivalent of a specific course taught by the college. Course and unit credit can be obtained through the credit for eExternal eExam Process (AP/IB/CLEP), internal Exam Process (locally administered exams), ~~or H~~high School to college Articulation Process, or evaluation of Joint Services Transcripts (JST), student-created portfolios, or industry-recognized documentation, credentials or licensure.

Courses Eligible for Credit by Examination:

- All courses shall be open to credit by examination unless specifically exempted by the District College.
- Academic divisions of the District Colleges determine the courses for which credit by examination may be granted. The Office of the Vice President of Academic Affairs-Student Learning at each District College maintains a current list of courses excluded from Credit by Examination.

Documentation of Credit for Prior Learning Earned by Examination:

- For credit earned through the credit for prior learning by examination provisions, the student's academic record shall be clearly annotated to reflect that credit was earned by examination, through articulation, or by another evaluation of prior learning.

Credit for Prior Learning by Examination may be obtained by one of the following methods:

I. External Examinations: ~~(Title 5 Sectin 55052)~~

a) Advanced Placement (AP): Students who earn scores of 3, 4 or 5 on the College Board AP Examinations taken before high school graduation will receive credit for each exam as specified in the catalog of the District College.

b) International Baccalaureate (IB): Students who complete the IB diploma with a score of 30 or above, ~~and/or~~ will receive 20 units of credit. Students

who complete the IB Higher Level examinations with scores of 4, 5, 6 or 7 will receive credit for each exam as specified in the catalog of the District

College. A score of 4 or higher on the IB Mathematics HL exam will satisfy the math competency requirement for the associate degree. Students will not receive credit for Standard Level exams.

c) College Level Examination Program (CLEP): Students who earn scores of 50 or higher on a CLEP exam will receive credit for each exam as specified in the catalog of the District College.

Cut Scores

- The number of units awarded for each type of examination is subject to change based on the establishment of cut scores and/or other evaluative measures developed by District College faculty in collaboration with Academic Senates and/or a CSU Chancellor's Office policy pursuant to AB 1985, and/or Intersegmental General Education Transfer Curriculum (IGETC) Standards, Policies, and Procedures latest version.

Credit for External Examinations (AP, IB and CLEP):

- The evaluation of credit for AP, IB and CLEP examination scores is done by a college counselor. Counselors may require additional documentation or information as necessary to determine eligibility for external credit.
- Credit granted for the examinations may be counted as credit toward an associate degree. The Counseling faculty at each District College will determine how the credit is used to satisfy general education and major requirements for the associate degree.
- Credit granted for these examinations may also be counted toward the satisfaction of IGETC or CSU-GE areas as allowed by the applicable standards for each form of transfer general education certification.
- Credit awarded for AP, IB and CLEP examinations shall not impact the student's GPA.
- Students granted credit for AP, IB or CLEP examinations shall not earn credit toward an associate degree for duplicated college courses.
- Other colleges or universities may have different policies concerning the granting of credit for AP, IB and CLEP examinations, and will evaluate the examinations based upon their own policies and practices.

II. Internal Departmental Examinations: (Locally administered exams):

a) Students will receive credit by satisfactory completion of an examination administered by the District College in lieu of completion of a course listed

in the college catalog, provided that Credit by Examination is permitted for the course. See the Courses Excluded from Credit by Examination list

maintained by each District College. Credit will be awarded with a letter grade and/or P/NP (if the latter is ordinarily available for the course). If a

letter grade is awarded, it will be incorporated in the computation of the student's grade point average.

b) A student may be granted credit if he or she satisfactorily passes an examination approved and conducted by the District College discipline faculty.

Such credit may be granted only to a student who is registered at the District College and not on either academic probation or progress probation, and only for a course listed in the District College's catalog.

c) The nature and content of the exam shall be determined solely by the District College discipline faculty in accordance with Title 5 Section 55002. ~~The~~

~~examination must be conducted on the campus of a District College or at a District satellite site.~~

d) Units for which credit is given pursuant to this provision shall not be counted in determining the 12 semester hours of credit in residency requirement

for an associate degree.

e) A District College shall charge a student a fee for administering an examination pursuant to this provision which is equal to the enrollment fee for the course.

Credit for Internal Credit by Examination:

1. Determination of Eligibility

- The examination is to be administered prior to the last day of the final examination period.
- The course to which the units will apply must be listed in the college catalog.
- The student must be currently registered and in good standing and not on academic probation, progress probation, or dismissal at any District College.

2. Receiving Credit by Examination:

- The student has not earned college credit in more advanced subject matter, and, has not received a grade (A, B, C, D, F, W, CR, P, CRE, NC or NP or equivalent), in the course for which he or she is seeking Credit by Examination at a District College or at any other educational institution.
- The appropriate petition, (a "Petition for Credit by Examination" form) will be completed by the student and a college counselor, and forwarded to the appropriate academic division for administration of the examination.
- Petitions must be approved by the division dean and received by the administering instructor no later than Friday of the tenth week of the full-length semester.

3. Units and Grades Recorded for Credit by Examination:

- Transcript entries shall distinguish credit units obtained by examination from credit units obtained as a result of regular course enrollment.
- A student seeking credit by examination will receive the appropriate letter grade (A, B, C, D, F, or P/NP) and will be charged the current enrollment fee per unit regardless of the grade received. Students who are unsuccessful in an attempt to challenge a course by examination will receive a D, F, or NP, and a record of the attempt for credit by examination will appear on a student's transcript.

III. High School to College Articulation: ~~(Title 5 Section 55051)~~

High school students may be granted college credit pursuant to established articulation agreements between the high school and a District College. The

Board of Trustees shall permit articulated courses to be applied to certificate or associate degree requirements in accordance with this provision. The

per-unit fee for high school credit by examination will not be charged. Articulated high school courses may be accepted in lieu of comparable District

College courses to partially satisfy:

- a) Certificate requirements, including the total number of units required for the certificate; or
- b) The major or area of emphasis requirements in a degree program. Students who complete articulated comparable courses must pass an exam to earn college credit for general education and/or major requirements for the associate degree.

~~Cut Scores~~

- ~~The number of units awarded for each type of examination is subject to change based on the establishment of cut scores and/or other evaluative measures developed by District college faculty in collaboration with the Academic Senates and/or a CSU Chancellor's Office policy as pursuant to the AB 1985, and/or Intersegmental General Education Transfer Curriculum (IGETC) Standards, Policies and Procedures latest version.~~

~~Credit for External Examinations (AP, IB and CLEP):~~

- ~~The evaluation of credit for AP, IB and CLEP examination scores is done by a college counselor. Counselors may require additional documentation or information as necessary to determine eligibility for external credit.~~
- ~~Credit granted for the examinations may be counted as credit toward an associate degree. The Counseling faculty at each District College will determine how the credit is used to satisfy general education and majors requirements for the associate degree.~~
- ~~Credit granted for these examinations may also be counted toward the satisfaction of IGETC or CSU-GE areas as allowed by the applicable standards for each form of transfer general education certification.~~
- ~~Credit awarded for AP, IB and CLEP examinations shall not impact the student's GPA.~~
- ~~Students granted credit for AP, IB or CLEP examinations shall not earn credit toward an associate degree for duplicated college courses.~~
- ~~Other colleges or universities may have different policies concerning the granting of credit for AP, IB and CLEP examinations, and will evaluate the examinations based upon their own policies and practices.~~

~~Credit for Internal Credit by Examination:~~

~~1. Determination for Eligibility~~

- ~~The examination is to be administered prior to the last day of the final examination period.~~
- ~~The course that the units will apply to must be listed in the college catalog.~~
- ~~The student must be currently registered and in good standing and not on academic probation, progress probation, or dismissal at any District College.~~

~~2. Receive Credit by Examination:~~

- ~~The student has not earned college credit in more advanced subject matter, and, has not received a grade (A, B, C, D, F, W, CR, P, CRE, NC or NP or equivalent), in the course for which he or she is seeking Credit by Examination at a District College or any other educational institutions.~~

- ~~The appropriate petition, (a "Petition for Credit by Examination" form) will be completed by the student and a college counselor, and forwarded to the appropriate academic division for administration of the examination.~~
- ~~Petitions must be approved by the division dean and received by the administering instructor no later than Friday of the tenth week of the full-length semester.~~

3. Units and Grades Recorded for Credit by Examination:

- ~~Transcript entries shall distinguish credit units obtained by examination from credit units obtained as a result of regular course enrollment.~~
- ~~A student seeking credit by examination will receive the appropriate letter grade (A, B, C, D, F, or P/NP) and will be charged the current enrollment fee per unit regardless of the grade received. Students who are unsuccessful in an attempt to challenge a course by examination will receive a D, F, or NP, and a record of the attempt for credit by examination will appear on a student's transcript.~~

Credit by Examination for a High School Articulated Course:

1. Determination of Eligibility

- The course ~~that to which~~ the units will apply ~~to~~ must be listed in the college catalog.
- The student must be currently registered at a high school with which a District College has an articulation agreement and in good standing as defined by their cumulative GPA at a minimum of 2.0 at the time the Credit by Examination is granted.
- The student has not earned college credit in more advanced subject matter, and has not received a grade (A, B, C, D, F, W, CR, CRE, NC, NP, or equivalent), in the course for which he or she is seeking Credit by Examination at a District College or at any other educational institutions.

2. Receiving Credit by Examination

- The student will apply online to one of the colleges in the VCCCD and create an account in a District tracking system.
- The student passes the college's course via a comprehensive exam or evaluation determined solely by a District College faculty in the discipline.

3. Units and Grades Recorded

- A student who successfully passes the examination will be given a letter grade (A, B, or C) "Credit by Examination" will be transcribed for the term in which it was earned.
- A student who is unsuccessful in obtaining a standard grade of "C" or better will not be allowed to petition for credit and no record of the attempt for credit by examination will appear on ~~a~~ the student's transcript.

IV. Credit for Military Service/Training

Students interested in Credit for Prior Learning using Joint Service Transcripts shall receive credit as recommended by the American Council on Education (ACE) Directory and approved by the appropriate discipline faculty of a District College under the following circumstances:

- The student shall complete the Credit for Prior Learning assessment petition.
- Official transcripts must be on file in the Admissions and Records Office. These may include Joint Services Transcript (JST), Sailor/Marine American Council on Education Registry Transcript (SMART), Army and American Council on Education Registry Transcript Service (AARTS), Community College of the Air Force (CCAF), Coast Guard Institute (CGI), DANTES/USAFI, Defense Language Institute Foreign Language Transcripts (DLIFLC), Defense Manpower Data Center (DMDC), DLPT Examinee Results, DA Form 330 Language Proficiency Questionnaire, or verified copies of DD214 or DD295 military records.
- Credit course equivalency shall be determined by the faculty of the appropriate discipline.

V. Industry-Recognized Credentials or Licensure Documentation

Students interested in Credit for Prior Learning using industry recognized credential(s) or licensure shall receive credit as determined solely by the faculty of the appropriate discipline:

- The student shall complete the Credit for Prior Learning assessment petition.
- Admissions and Records shall grant credit for industry recognized credential(s) or licensure that have already been evaluated and approved by the appropriate department chair or faculty designee.
- If an industry recognized credential(s) or licensure has not yet been evaluated and approved by the appropriate faculty:
 - The student meets with the department chair or faculty designee to receive further instructions for industry recognized credential(s) or licensure assessment.

- The student submits all industry recognized credential documents or license copies to the department chair or faculty designee for assessment of prior learning.
- If the department chair or faculty designee determine the industry certification or licensure adequately measures mastery of the course content as set forth in the Course Outline of Record, the appropriate faculty shall sign the petition with the recorded grade, attach the industry recognized credential(s) or license copies, and forward the completed petition and supporting documents to the Admissions and Records Office to be kept on file and recorded on the student's transcript.

VI. Student-Created Portfolio Assessment

Students interested in Credit for Prior Learning using a student-created portfolio shall receive credit as recommended by the appropriate department chair or faculty designee under the following circumstances:

- A department approved portfolio assessment rubric for the course is on file.
- The student shall complete the Credit for Prior Learning assessment petition.
- The student meets with the department chair or faculty designee to receive further instructions for student-created portfolio assessment.
- The student submits all portfolio documents to the department chair or faculty designee for assessment of prior learning.
- If the department chair or faculty designee determine the student-created portfolio adequately measures mastery of the course content as set forth in the Course Outline of Record, the appropriate faculty shall sign the petition with the appropriate grade and forward it to the Admissions and Records Office to be kept on file and recorded on the student's transcript

Limits of Credit for Prior Learning by Examination (All Methods):

- Students may challenge a given course by internal departmental examination (locally administered exam)~~credit-by-examination course~~ only once.
- ~~Credits acquired by examination are not counted in determining the 12 semester units of credit in residency required for an associate degree.~~
- Students should be aware that other colleges and universities may not accept credit for prior learning~~Credit by Examination~~ for transfer purposes.
- ~~A~~sStudents should be advised that the use of units granted through the credit for prior learning by examination policy towards establishing eligibility for athletics, financial aid, and veterans' benefits are subject to the rules and regulations of the external agencies involved. (Exceptions to the above may be made when necessary to meet provisions of California state law or the rules and regulations of state agencies governing programs of the California Community Colleges.)
- ~~A student may challenge no more than 12 units under the credit-by-examination policy towards an associate degree or a certificate of achievement, except that units awarded for AP and IB examinations shall not be subject to such limit.~~
- Credits acquired by examination are not applicable to meeting of such unit load requirements as Selective Service deferment, Veterans, or Social Security benefits.
- Credit by Examination may be granted in only one course in a sequence of courses, as determined by prerequisites, and may not be granted for a course which is a prerequisite to the one in which the student is currently enrolled, except that credit may be granted for more than one course in a sequence of required courses when approved by an administrator or his/her designee responsible for vocational programs, or where the curriculum in occupational programs makes it necessary.
- Credits acquired by credit for prior learning are not counted in determining the 12 semester units of credit in residency required for an associate degree.

Documentation of Allowable Credit Awards

Each District College shall maintain records of the courses for which units of credit may be granted through Credit for Prior Learning by Examination. These records shall be maintained either in the Office of Academic Affairs or in the Student Services Office.

Advisement

- A student, upon completion of their educational plan, shall be referred to the college's appropriate authority for assessment of prior learning if the student is a veteran or an active-duty member of the armed forces, holds industry-recognized credentials or licensure, or requests credit for a course based on their prior learning.
- Colleges shall consider the credit recommendations of the American Council on Education (ACE) pursuant to Education Code section 66025.71
- Grading shall be according to the regular grading system approved by the governing board pursuant to section 55023, except that students shall be offered a "pass-no pass" option if that option is ordinarily available for the course.

- Students shall be given the opportunity to accept, decline, or appeal the grade assigned by the faculty, and in cases of Credit by Examination, pursuant to AP 4230 Grading and Academic Record Symbols and AP 4231 Grade Changes

- FII: Fund for Instructional Improvement
- FOMA: Fully Online by Mutual Agreement; a clause in a distance education addendum indicating that a course is not ideally suited for distance education, but may be offered that way on a temporary basis during an emergency when access to campus classrooms is limited or impossible
- FSA: Faculty Service Area (the term that VCCCD uses to describe a discipline in which a faculty member is qualified to teach; the list of disciplines is taken from the CCCC’s statewide disciplines list; faculty may qualify for an FSA either on the basis of having acquired the appropriate degree and/or required experience, or as the result of a positive determination of equivalency in the discipline)
- FTES: Full-time Equivalent Students
- GE: General Education (may refer to either the local general education pattern for the AA/AS degree or the CSU GE-Breadth and IGETC transfer patterns, but most commonly the former)
- GECC: CSU GE Certification Course List by Area
- GED: General Education Diploma
- GELO (pronounced “jello”): General Education Learning Outcome
- Golden Four: For CSU transfer purposes, the four most important lower-division GE courses which students are generally expected to complete before being considered for admission; they fall in the areas of Oral Communication (CSU GE-Breadth area A1 or IGETC area 1C), Written Communication (CSU GE-B A2/IGETC 1A), Critical Thinking (CSU GE-B A3/IGETC 1B), and Mathematics/Quantitative Reasoning (CSU GE-B B4/IGETC 2)
- GP: Guided Pathways
- GPA: Grade Point Average
- HBA: Hours by Arrangement
- HiSET: High School Equivalency Test (GED alternative)
- IB: International Baccalaureate
- ICAS: Intersegmental Committee of Academic Senates

- ICC: Intersegmental Coordinating Committee
- IE: Institutional Effectiveness
- IEPI: Institutional Effectiveness Partnership Initiative
- IGETC: Intersegmental General Education Transfer Curriculum (the UC GE transfer pattern, although this is sometimes also accepted by CSU campuses for certain majors)
- IMC: (*see* ISMC)
- ISLO: Institutional Student Learning Outcome
- ISMC: Intersegmental Model Curriculum, a type of Model Curriculum that prepares students for transfer in selected Career Education majors for which a four-year degree is generally available
- JAC: Joint Apprenticeship Committee
- JST: Joint Services Transcript (official record of a veteran's service and educational experience)
- LEA: Local Educational Agency (includes community colleges, school districts, Regional Occupational Programs (ROPs), or adult schools)
- LMI: Labor Market Information, a report that authors of new degree and certificate programs that have a CTE TOP code must obtain and submit to the CCCCO as a component of the program documentation package; whenever an LMI is needed, program authors should submit a request to the [Centers of Excellence](#)
- LMID: Labor Market Information Division
- MC: Model Curriculum (*see also* CCCMC and ISMC) or Moorpark College
- MIS: Management Information System
- MQ(s): Minimum Qualifications
- NPA: Nursing Practice Act
- OC: Oxnard College

DRAFT

Programs: Documentation, Procedures, and Guide to Technical Review and Style

Introduction

This section discusses technical aspects of writing and reviewing a program outline. The comments (particularly those containing second-person pronouns such as “you” or “your”) are aimed primarily at program outline originators, but technical reviewers and Curriculum Committee members should also be alert to deviations from these guidelines when reviewing a program outline. Technical reviewers may either correct them during review or refer them back to the program originator for correction.

Curriculum Committee members (including non-voting members and classified professionals) may make comments in the course management system (CMS), email the originator with questions, and/or bring up remaining concerns when the program outline is forwarded to the Curriculum Committee for discussion and approval. The earlier in the approval process that a question or error is identified and reported, the easier it is to correct.

Required Documentation

Much of the information requested in the program Narrative is also needed to complete the program outline in CIM. Depending on the program type and goal, completion of some of the data fields may be optional. Transfer degrees (AA-T, AS-T, and UCTP) generally require the least information. CTE degrees and certificates require additional information, typically including a Labor Market Information (LMI) report, and minutes of meetings of the regional consortium and local advisory group documenting these bodies’ recommendations. Apprenticeship programs require an approval letter from the state Division of Apprenticeship Standards (DAS).

Attach electronic copies of program-related documents (including, but not limited to, those appearing in the following list) to the program proposal in the CMS if the PCAH or supplemental guidance from the CCCC (such as that documented in the subsection titled *Program Revision Development and Approval Procedure* on page 69) requires them for the type of program being prepared:

- Narrative (for all degrees, certificates, and proficiency awards, whether new or revised, although some sections may be omitted depending on the type of award, as prescribed in the PCAH)
- Transfer Model Curriculum (TMC) form (only for ADT and UCTP degrees)
- AAM/BCT/GECC articulation documentation as appropriate (only for ADT and UCTP degrees); typically furnished by the articulation officer using ASSIST reports
- New Program forms CP-3 and CP-4 (credit) or NP-3 and NP-4 (noncredit) (for all **new** degrees, certificates, and proficiency awards); these are available on the Curriculum Committee website
- LMI analysis (for all CTE degrees, credit and noncredit certificates, and proficiency awards)
- Regional consortium minutes (for all **new CTE** degrees, credit and noncredit certificates, and proficiency awards)
- Local advisory group minutes (for all **new CTE** degrees, credit and noncredit certificates, and proficiency awards)

- DAS approval letter (only for apprenticeship programs)
- Transfer information (for new AA and AS degrees, other than transfer degrees, but including apprenticeships, that may nevertheless contain a transfer component)
- Letters of support (for local and, optionally, CTE degrees that support or address community needs; other forms of documentation may be more appropriate in some instances)

Originators: please attach only **ONE** copy of each required document to the program proposal in the CMS. Also please submit the Narrative and (for transfer degrees) the TMC as Word documents so the technical review team may edit them if necessary. All other documents listed above are not subject to editing during technical review; you may submit them in any commonly used document format (Word, PDF, etc.) that is convenient for you. Again, please **upload** CTE-related documentation to the CMS as attachments rather than incorporating the information as appendices to the Narrative.

New Program Development and Approval Procedure

The Curriculum Committee adopted this procedure beginning Fall 2020.

1. **Host department** (discusses program concept and votes to approve its development)
2. **Originator** (Initiates the new program proposal in CIM but, at this stage, only completes the data fields in the upper portion of the CIM program form, up to and including the Program Goals and Objectives field in the Program Narrative section, and does NOT submit to workflow yet)
3. **Originator** (completes New-Program forms, TMC [for transfer degrees only], and draft Narrative, and attaches these to CIM in the area immediately below the *Program Goals and Objectives* field)
4. **Extended technical review meeting** (the program originator and [if possible] the area dean will normally attend to answer questions and receive comments and recommendations)
5. **Originator** (meets with technical review team member[s] for consultation and training on how to complete the rest of the program form)
6. **Originator** (completes CIM, adjusts the Narrative, compiles other state-required documentation [LMI, advisory committee recommendation, regional consortium recommendation, etc.] and uploads to CIM as file attachments, submits completed package to workflow and [NEW!] submits copies of CIM program outline [PDF export] and program file attachments to the department chair and division office for safekeeping to back up the Student Learning Office's records)
7. **Technical review team** (works with originator behind the scenes to check and correct format and legal/articulation issues)
8. **Curriculum technical review meeting** (originator or designee and area dean are invited to discuss program and answer questions)
9. **Curriculum committee** (full review and final campus-level approval)
10. **DTRW-I** (initial district-level technical review and preparation for submission to BOT)
11. **Chancellor's Cabinet** (review) and **Policy, Planning, and Student Success Committee** (review)
12. **BOT** (final district-level approval)
13. **Curriculum technician** (submits program information to COCI at the state chancellor's office and forwards program proposal to the Banner step in CIM)
14. **CCCCO** (conducts state-level review, approval, and/or chaptering)
15. **Academic data specialists** (enter program data into the SIS, DegreeWorks, etc.)
16. **CIO** (to ACCJC so students enrolling in program become eligible for federal financial aid)

Program Revision Development and Approval Procedure

As courses are added or removed, it may become necessary to revise program descriptions or requirements. ADTs must be periodically revised to conform to the most recent template (TMC), even in the absence of course changes. The procedure is like that for new programs, except that the new program paperwork and extended technical review, district-level review and approval, and submission to ACCJC are not required if the focus and purpose of the program are not significantly changing. Programs undergoing significant change should be treated as new so that the CCCC may assign a new control number. Per [CCCCO Memorandum AA 18-56](#), it is no longer necessary to distinguish between substantial and nonsubstantial changes to programs.

In a memo dated 12/06/2019, David Garcia, Program Analyst in the CCCC's Educational Services and Support Division, stated that while narrative items 1 through 7 are required for new program submissions, only items 1 through 3 are required for program modification submissions. This is notwithstanding contradictory information published in the 7th edition of the PCAH.

Narrative

All program proposals intended to be approved and chaptered by the CCCC require a Narrative containing elements as described in the PCAH or as clarified (for modified programs only) in [CCCCO Memorandum AA 18-56](#) and subsequently published CCCC memoranda.

Narrative templates for all program types (degrees, credit certificates, proficiency awards, and noncredit certificates) are provided on the Curriculum Committee forms web page.

Many of the free-form data fields in the CourseLeaf CIM program form correspond directly to elements required in the Narrative. The Narrative (**not** CIM!) is therefore often the best place to begin working on a program proposal (except that for new programs, the originator should start with the New Program forms instead, as described in the subsection titled *New Program Development and Approval Procedure* above). For transfer degrees, the TMC should be completed before documenting the program requirements in the Narrative. Some elements of the general narrative are not required, depending on the program type and goals, and whether it is a new or revision proposal. To the extent that the PCAH does not require preparation of a Narrative element for a certain program, the program originator may simply enter "(Not required)" for the corresponding data field(s) in the CIM program form.

Proficiency awards (PAs) do not require CCCC approval and chaptering; however, Curriculum Committee may, at its discretion, still require the host department to prepare a narrative-like document so that key information about the PA may be provided to DTRW-I and BOT; the latter must approve PAs and all other new programs (as well as all program inactivations).

If, as recommended, a program originator completes the narrative before beginning data entry activities in CIM, the originator may simply copy-and-paste the requested information from the narrative directly to the corresponding field in CIM. The only exception is that tables from the narrative (such as requirements lists, TMCs, study plans, enrollment projections, etc.), whether text-based or graphical, will not paste successfully into the CIM program form. It is therefore necessary to reconstruct these manually in CIM using CIM's built-in table construction and formatting tools. Also, the originator should paste an electronic copy of the complete Narrative document into the Program Goals and Objectives section of the CIM program outline. Copies of the new program forms (CP-3 and CP-4 for credit programs, or NP-3 and NP-4 for noncredit programs) should also be uploaded there.

Details concerning the information required in each section of the Narrative and the specific Narrative sections required for each type of degree proposal will be addressed in the applicable subsections of the [Technical Review and Style Guide for CMS Data Fields](#) section. A summary table of recommended correlations between CIM data fields and the Narrative items, ordered by the location of the CIM data field in the program outline data entry form, is provided below.

CIM FIELD NAME	CORRESPONDING SECTION OF NARRATIVE
Net Annual Labor Demand*† (required for credit CTE programs only; this field will not be visible for transfer, local, or noncredit programs)	Item 5 Part B*† (credit CTE only); compare to Enrollment and Completer Projections data to provide a measure of program need
Program Goals and Objectives (do not include career opportunities or PSLOs in this field)	Item 1 Part A
Career Opportunities (required for CTE programs; highly recommended for non-CTE programs)	Item 1 Part B
Catalog Description (do not list course requirements or PSLOs here as these are documented in other CIM fields; for ADTs, also include Catalog Description statutory language)	Item 2 Part A
Program Requirements (for ADTs, include Program Requirements statutory language; for ADTs and UCTPs, obtain the course requirements listing from the TMC rather than from the Narrative)	<u>ADT and UCTP degrees</u> : Item 2 Part C (statutory language only; omit course requirements from the narrative, as the TMC contains this list) <u>All other program types</u> : Item 3 Part A*
Plan of Study* (may be combined with Program Requirements if a certificate or proficiency award can be completed in one semester)	Item 3 Part B*
Enrollment and Completer Projections*† (course enrollment numbers from the Narrative may be omitted in the CMS; but provide support for the number of completers based on the enrollment figures from Item 5 of the Narrative)	Item 5 Part A*† (when required, include two years of the most recent available end-of-term enrollment numbers for each course required in the program, excluding newly developed courses; these may be aggregated by year rather than broken out for each term)
Place of Program in Curriculum/Similar Programs*†	Item 6*†
Similar Programs at Other Colleges in Service Area*†	Item 7 Part A*†
Master Planning*	Item 4*
Advisory Committee Recommendation (credit CTE only; text AND attachment are required)*†	Item 3 Part C*† (credit CTE only; attach to CIM rather than appending to the Narrative)
Regional Consortia Meeting Minutes*† (credit CTE only; attachment is required and CIM/Narrative text is optional)	Item 7 Part B*† (credit CTE only; attach document to CIM rather than appending it to the Narrative)
Program Student Learning Outcomes (ensure that these match the outcomes in TracDat)	<u>ADT and UCTP degrees</u> : Item 1 Part C <u>All other program types</u> : Item 2 Part B

* Not required for transfer (ADT and UCTP) degrees. †Not required for noncredit programs

Program Titles

A single program generally has several versions of the title. The official title (“catalog title”) appears in the heading of the catalog program description and in the main heading of the program Narrative. The title used in the CMS (“program title”) is a rearranged version of the catalog title that optimizes the location and identification of programs in the CMS system. A third version of the program title is the Banner title, the abbreviated version of the title that appears on student records such as transcripts. The “Banner title” is limited to 30 characters in length, including spaces and punctuation. The Banner title is usually an abbreviation of the program title, although these two are identical if the full program title contains 30 or fewer characters. The following comparison illustrates the differences in the title structures for an example of each award type.

Associate in Science for Transfer:

- Catalog title: Associate in Science in Mathematics for Transfer
- Program title: Mathematics for Transfer, AS-T
- Banner title: Mathematics for Transfer, AS-T (*same as program title since both fit within 30 characters*)

Associate in Arts for Transfer:

- Catalog title: Associate in Arts in Film, Television, and Electronic Media for Transfer
- Program title: Film, Television, and Electronic Media for Transfer, AA-T
- Banner title: Film/TV/Electron Media Tr, AA-T (*heavily abbreviated version of program title*)

Associate in Science for UC Transfer:

- Catalog title: Associate in Science in Chemistry for UC Transfer
- Program title: Chemistry for UC Transfer, AS-UCTP
- Banner title: Chemistry/UC Transfer, AS-UCTP (*slightly abbreviated version of program title*)

Associate in Science (traditional):

- Catalog title: Associate in Science in Advanced Manufacturing
- Program title: Advanced Manufacturing, AS
- Banner title: Advanced Manufacturing, AS

Associate in Arts (traditional):

- Catalog title: Associate in Arts in Pre-Allied Health Sciences
- Program title: Pre-Allied Health Sciences, AA
- Banner title: Pre-Allied Health Sci, AA

Certificate of Achievement (credit):

- Catalog title: Certificate of Achievement in Automotive Career Education: Automotive Maintenance Technician
- Program title: Automotive Career Education: Automotive Maintenance Technician, COA
- Banner title: ACE: Auto Maint Tech, COA

Certificate of Completion (noncredit):

- Catalog title: Certificate of Completion in Technology and Workplace Competencies
- Program title: Technology and Workplace Competencies, COCN
- Banner title: Tech&Workplace Competenc, COCN

Proficiency Award (credit):

- Catalog title: Proficiency Award in Technical Theatre Production
- Program title: Technical Theatre Production, PA
- Banner title: Technical Theatre Prod, PA

Technical Review and Style Guide for CMS Data Fields

This subsection contains detailed instructions for completing every field that may appear on the program outline form. Not all these fields may be visible in any given program proposal; the CMS populates the form fields dynamically according to the originator-selected program award and program goals, and hides fields that are not applicable. When completing the fields, keep in mind that the purpose of the Narrative-related items listed in the preceding table is to document that the development criteria for credit and noncredit programs enumerated in the PCAH are satisfied. These are

1. Appropriateness to Mission
2. Need
3. Curriculum Standards
4. Adequate Resources
5. Compliance

Unless stated otherwise, appropriate data must be selected or typed into each of the fields described below. When applicable, the text entered should address the preceding development criteria.

This is a long section not designed to be read in one sitting. It is recommended that you use it as a reference rather than as a tutorial. The discussion of each field is self-contained (although it may refer to other related data fields). If you are stuck on just one or two data fields, you may skip down to the heading corresponding to the field name(s) of interest. The following instructions may not address all conceivable situations. If reading them does not fully answer your questions, please consult with the curriculum leadership team for additional details and guidance.

Originator

This field has no correspondence with any program Narrative item.

This field is normally populated automatically; it indicates the user ID of the first person to click the silver “Save” button for a new or modified program proposal. Do not edit this field unless that person has also been added as a co-contributor; otherwise he/she will be blocked from making future edits to the proposal.

Co-Contributors

This field has no correspondence with any program Narrative item.

These are the names of other faculty members authorized to edit the proposal. In keeping with the philosophy of the 10+1, deans and classified professionals should not be listed as Co-Contributors. Either

the Originator or other Co-Contributors may edit this field. Click the green plus-sign button to add a Co-Contributor using the drop-down menu. Click the red “x” button to remove a Co-Contributor.

College

This field has no correspondence with any program Narrative item.

Select “Ventura College” from the drop-down menu. Otherwise you may be blocked from saving the proposal.

Division

This field has no correspondence with any program Narrative item.

Select the host division from the drop-down menu. If it does not appear there, then a user with administrative privileges must add it to the system; please bring this to the attention of the curriculum leadership team. You must select a choice for the College field before the drop-down menu for this field will populate with appropriate division names.

Program Title

This field has no correspondence with any program Narrative item. However, it should be closely related to the catalog title, which should also be used in the Narrative main title preceding Item 1 and at the beginning of the catalog description.

The Program Title, should specify the discipline, GE pattern, or area of emphasis name, followed by a comma and a short identifying suffix stating the specific type of award. This should exactly match LOCAL TITLE in the curriculum tracking database. However, it will usually not match the catalog title, which should also be the main title used to start off the Catalog Description field. The title should be fully descriptive and not contain any abbreviations except

- The identifying suffix stating the award type
- The “UC” in “UC Transfer” (for UCTP degrees only)

ADT program titles must include the phrase “for Transfer” placed just before the comma and award type identifying suffix. UCTP program titles must include the phrase “for UC Transfer” placed similarly.

Specify the Program Title in title case; most words should be capitalized. However, the following words should **not** be capitalized unless they are the first word in the Program Title:

- Prepositions of four or fewer letters (*e.g.*, “in,” “for,” “with”)
- Conjunctions of four or fewer letters (*e.g.*, “and,” “or”)
- Articles containing any number of letters (*e.g.*, “a,” “an,” “the”)
- The word “to,” whether used as a preposition or as part of an infinitive (if used as part of an infinitive, the verb following “to” is capitalized)

Use “and” rather than “&.” Use the Oxford comma for lists containing three or more items (“red, white, and blue” rather than “red, white and blue”). Examples of properly stated Program Titles include

- Mathematics for Transfer, AS-T
- Film, Television, and Electronic Media for Transfer, AA-T (note the Oxford comma following “Television”)
- Chemistry for UC Transfer, AS-UCTP
- Advanced Manufacturing, AS

- Pre-Allied Health Sciences, AA
- Technical Theatre Production, PA
- Technology and Workplace Competencies, COCN

ADTs should be classified as either AA-T or AS-T based on the designation provided in the degree title in the TMC. Local and CTE degrees should be classified as AS if the degree is in a STEM or CTE discipline. Local degrees in other disciplines should be classified as AA.

The full **catalog** title (*e.g.*, “Associate in Science in Mathematics for Transfer”) will appear in the Catalog Description section. It should also appear in the title of the program Narrative. The slightly abbreviated format shown in the list above makes the awards easier to locate and identify via the CMS search function and will not be published in the catalog.

When describing traditional associate degrees in the program Narrative, please use consistent terminology:

- Associate in Arts (not Associate of Arts or Associates in Arts or Associates of Arts)
- Associate in Science (not Associate of Science or Associates in Sciences or Associates of Science)
- (Generic) Associate Degree (not Associates Degree or Associate’s Degree or Associates’ Degree)

When describing transfer degrees in the program Narrative, please use consistent terminology:

- Associate in Arts in <discipline> for Transfer or AA-T in <discipline> or <discipline> AA-T
- Associate in Science in <discipline> for Transfer or AS-T in <discipline> or <discipline> AS-T
- (Generic) Associate Degree for Transfer or ADT

Banner Title

This field has no correspondence with any program Narrative item.

If the Program Title contains 30 or fewer characters (including spaces and punctuation), use the Program Title as the Banner Title without abbreviating it. Otherwise create an abbreviated (no more than 30 characters) but readable form of the program name. Slashes are acceptable here to save space; for example, you may abbreviate “Red, White, and Blue” as “Red/White/Blue.” The trailing comma and award type suffix should match what is used in the Program Title field exactly. The suffix is necessary because most credit certificates have a companion AA or AS degree with the same name; without the suffix, the programs are indistinguishable in the SIS and CMS. For better readability, omit letters from long words in blocks rather than individually; for example, abbreviate “Vocabulary” as “Vocab” rather than as “Vcblry”. Exceptions to this rule of thumb would include widely understood abbreviations such as “Mgmt” for “Management” or “Bldg” for “Building” or “Acct” for “Account” or “Accounting.”

Examples of properly stated Banner titles for programs include

- Mathematics for Transfer, AS-T
- Film/TV/Electron Media Tr, AA-T
- Chemistry/UC Transfer, UCTP
- Basic Law Enforcement, COCN

When submitting affiliated degrees and certificates of achievement, use parallel naming and abbreviations in the Banner title for the degree and for the certificate.

Type of Program

This field has no correspondence with any program Narrative item.

If the program is an Associate Degree (including ADTs and UCTPs), a Certificate of Achievement, or a Proficiency Award, then select “Credit” from the drop-down menu. If the program is a Certificate of Completion, Certificate of Competency, or another noncredit program (such as an Adult High School Diploma Program or a Noncredit Apprenticeship Program), then select “Noncredit.”

Noncredit Programs Type

This field has no correspondence with any program Narrative item.

This field is only visible for noncredit programs (as determined by the response given in the Type of Program field). If this field is visible, select the award type from the drop-down menu. If the award type does not appear in the menu, it may be the first of its type created in the VCCCD (ask your curriculum leadership team to update the list), or it may be a credit program (verify the choice selected in the preceding field).

CDCP Eligibility Criteria

This field has no correspondence with any program Narrative item.

This field is only visible for noncredit programs (as determined by the response given in the Type of Program field). If this field is visible and the program is eligible for CDCP enhanced funding, select the program classification from the drop-down menu. If the program classification does not appear in the drop-down menu, then the program is not eligible for enhanced funding; in this case, do not select any of the menu choices. Note that “Elementary and Secondary Basic Skills (C)” only applies to programs whose purpose is to teach mathematics or English skills to the general population; it should not be selected for special-population programs, *e.g.*, programs that are aimed at EAC students.

Program Award/Degree

This field has no correspondence with any program Narrative item.

This should describe the program type. It should also correspond to the suffix used in the Program Title and Banner Title fields, as defined in the table below. Note that COCI and the SIS do not yet support UCTP degrees, so we will treat them as ADTs until these systems are updated with the new degree type.

PROGRAM AWARD/DEGREE FIELD ENTRY	SUFFIX IN PROGRAM TITLE & BANNER TITLE FIELD ENTRIES
A.A. Degree (A)	AA
A.S. Degree (S)	AS
AA-T Degree (Y)	AA-T
AS-T Degree (X)	AS-T
AA-UCTP Degree	AA-UCT ¹
AS-UCTP Degree	AS-UCT ¹

¹ The SIS field for this information allows a maximum of six characters; therefore the “P” is omitted.

PROGRAM AWARD/DEGREE FIELD ENTRY	SUFFIX IN PROGRAM TITLE & BANNER TITLE FIELD ENTRIES
Certificate of Achievement (credit) requiring 8 to less than 16 semester units (M)	COA
Certificate of Achievement (credit) requiring 16 to less than 30 semester units (N)	COA
Certificate of Achievement (credit) requiring 30 to less than 60 semester units (T)	COA
Certificate of Achievement (credit) requiring 60 or more semester units (F)	COA
Proficiency Award (credit) (local award, does not require state approval but does require BOT approval)	PA
Certificate of Completion (noncredit) (NIL)	COCN
Certificate of Competency (noncredit) (NIL)	COCY
Other	(consult with the curriculum leadership team)

Program Goals

This field has no correspondence with any program Narrative item.

This should describe the program goals as defined in the PCAH. Select a goal according to the criteria in the table that follows:

PROGRAM GOAL FIELD ENTRY	APPLICABLE PROGRAM TYPES
C—CTE	A.A. and A.S. degrees (other than ADT or UCTP degrees) in a CTE TOP code and Certificates of Achievement in a CTE TOP code; includes degrees and certificates that may also prepare students for transfer
T—Transfer	All ADT and UCTP degrees (including those with a CTE TOP code), and Certificates of Achievement for IGETC or CSU GE-Breadth
O—Local	All other A.A. and A.S. degrees and certificates not in a CTE TOP code

The PCAH is not specific regarding the classification of noncredit programs. Our local convention is to use either CTE or Local depending on the noncredit program's TOP code, in accordance with the criteria set out in the above table for credit programs. Do not use "T—Transfer" as the goal for any noncredit program.

Start Semester

This field has no correspondence with any program Narrative item.

This should ordinarily be Fall. Due to issues with scheduling and catalog preparation, Spring or Summer start semesters are accepted only in emergency situations as agreed to by both Curriculum Committee co-chairs and subsequently approved by the full Curriculum Committee.

Start Year

This field has no correspondence with any program Narrative item.

This should be determined in accordance with the Curriculum Committee's published deadlines for submission and approval. Ordinarily, programs submitted and approved during Fall semester are approved for the immediately following Fall semester, and programs submitted and approved during Spring semester are approved for the **second** Fall semester following submission.

Discipline/Department

This field has no correspondence with any program Narrative item.

Select the host department from the drop-down list provided. If there has been a recent reorganization, the department name may not appear. If so, please bring this to the attention of the curriculum leadership team so the department may be added to your division in the SIS and CMS.

Area of Emphasis

This field has no correspondence with any program Narrative item, but, if not blank, it should be made part of the catalog title and the main title of the program Narrative.

Leave blank except for General Studies AOE degrees. For AOE degrees, enter the emphasis such as "Arts and Humanities."

Option

This field has no correspondence with any program Narrative item, but, if not blank, it should be made part of the catalog title and the main title of the program Narrative.

Leave blank unless the degree or certificate provides options that will have distinct control numbers in CCCC MIS. Each option should have its own program outline. These programs are unusual, but examples of such programs include Construction Technology: Building Inspection Option and Construction Technology: Construction Management Option.

Collaborative/Joint Program

This field has no correspondence with any program Narrative item. However, if a program is collaborative or joint, this fact should be noted in the applicable portion of the program Narrative.

"No" is usually the correct choice. An exception would be the Biomedical Device Manufacturing COA or any other program developed in conjunction with another college. If the response is "Yes" then an additional field "Collaborated College" will become visible requesting the name(s) of the other college(s) that collaborate in the program, perhaps by offering some of the required courses in the program or offering laboratory space not available at Ventura College. A file attachment option will also open; upload a copy of the written agreement between the colleges delineating responsibility for curriculum and scheduling.

Apprenticeship

This field has no correspondence with any program Narrative item.

It is visible for all program types except for ADTs. If visible, "No" is usually the correct choice. There are currently no apprenticeship programs in the VCCCD. If "Yes" is selected, then additional fields will become visible, including a field requesting you to upload a copy of the California DAS approval letter, a

field allowing the upload of other apprenticeship-related documents, and fields requesting the RSI year and RSI hours.

Gainful Employment

This field has no correspondence with any program Narrative item.

In the past, this was a required field that would usually be answered “Yes” for certificates. Its purpose was to determine whether students selecting the major would qualify for federal financial aid. Due to recent regulatory changes, this information is no longer required, and the field should be left blank.

Employment Potential

This field has no correspondence with any program Narrative item.

This drop-down menu field is only visible for CTE programs (as determined by the response given in the Program Goals field). If the Employment Potential field is visible, select the source of the LMI data file attached to the proposal. Usually this is “LMID EDD Consultant”; select this response if the LMI report was obtained through the Centers for Excellence. The response here should be consistent with the corresponding field in the CP-3 (credit) or NP-3 (noncredit) new program form.

Net Annual Labor Demand

This field, if visible, corresponds to the applicable paragraph(s) of Item 5(B) “Survey” of the completed Narrative.

This free-form text field is only visible for CTE programs (as determined by the response given in the Program Goals field). In this field (and in the Narrative), the Enrollment and Completer information from Item 5(A) of the Narrative must be compared to the net annual labor demand projection stated in the Labor Market Inventory and Analysis document to show that there is sufficient labor demand for the projected number of program completers. The net annual labor demand information must also be consistent with the corresponding information inserted into the corresponding fields of the CP-3 (credit) or NP-3 (noncredit) new program form if this is a new CTE program.

Justification/Reason for Revision

This field has no correspondence with any program Narrative item.

For program revisions, list what aspects of the program are changing (*e.g.*, new or inactivated courses, change of focus, *etc.*) and whether this represents a minor or significant change to the program goals or structure. If there are significant changes, the proposal should be treated as a new program rather than as a revision. The CCCCO no longer distinguishes between substantial and non-substantial changes to programs.

Program Goals and Objectives

This field corresponds to most elements of Item 1 of the completed Narrative. However, do **not** include program-related career opportunities or PSLOs in this field (even though Item 1 of the Narrative may include these), as these are addressed in other fields in the CMS program outline. The information provided must match the applicable portions of the description provided on the Narrative template.

This field is required for all new and modified programs. The program goals and objectives must be consistent with the mission of the community colleges as established in the California Education Code

([section 66010.4](#)); this includes lower division academic and vocational instruction, remedial instruction, and adult noncredit education.

For transfer degrees, the statement in this field must include the preparation of students for one or more baccalaureate majors. It must describe how the courses listed in the requirements will meet the lower division requirements of related majors at baccalaureate institutions. It must also indicate whether the degree is aimed at students transferring to a specific institution or class of institutions (*e.g.*, CSU or UC).

If the program is selective (*e.g.*, students must apply to be accepted), include a summary of the entry criteria (courses completed, minimum GPA, sponsorship, *etc.*), the selection process, and how the program will satisfy Title 5 requirements relating to open course enrollment ([section 51006](#)) and students' ability to challenge prerequisites ([section 55003\(b\)\(5\)](#)).

If the program, or any courses in the program, require fees or costs that students will incur, document them in this field.

In addition to completing the free-form text box for this field, please append a copy of the completed Narrative document to this field using the green "Attach File" button located immediately below this field's text box. (This information should no longer be sent as a separate attachment to the Student Learning Office; please incorporate into the CIM program proposal instead.) Please use a Microsoft Word (.doc or .docx) file rather than a PDF file for the Narrative in case it becomes necessary to make corrections during technical review. Also send a copy of the Narrative to your division office for their records. It is very helpful to have a date included in the title of the Narrative document, as several versions are typically created during the technical review process, and the dates make it easier to distinguish between these versions when they are stored in the technical review archives.

For new program proposals, also attach a completed copy of the CP-3 (credit) or NP-3 (noncredit) new program form, which you may download from the Curriculum Committee forms web page. CTE-related attachments such as LMIs and consortium recommendations should be attached later in the proposal.

Proposals not having a Narrative document attached will be held until the originator provides one, or they will be rolled back to the originator for action.

Career Opportunities

This field is visible for all program types. It must be completed for all CTE programs and is optional (but highly recommended) for transfer and local programs. It corresponds to the paragraph(s) of Item 1 of the completed Narrative that describe the specific occupation(s) or field(s) that students will be able to enter upon completing this program, and the basic occupational competencies that students will acquire as a result of completing the program.

Catalog Description

This field corresponds to the applicable paragraph(s) of Item 2 of the completed Narrative. Include the introduction to the catalog description of the program. Do **not** list program requirements (lists of required courses) or PSLOs in this field, as CIM provides separate fields for these elsewhere in the program outline.

Both this field and the Narrative should include at least the following information to the extent that each item is applicable:

- A discussion of the degree or certificate’s goals and objectives; if the college offers similar programs, the discussion should distinguish this program from the others, perhaps by describing how its goals, intended audience, targeted careers or transfer majors, or expected outcomes are unique
- A listing of prerequisite skills or enrollment limitations such as TB tests, criminal background checks, etc.
- Advice and warnings to students regarding their employability upon completing the degree or certificate; warnings may include information such as whether the degree trains students for competitive or low-salaried occupations, or occupations in which inexperienced graduates are unlikely to be hired
- For CTE degrees and certificates, an enumeration of potential careers students may enter upon completion
- For high-unit programs (more than 60 units), a discussion of how the unit total may impact completion
- For degree- or certificate-related occupations in which a license or certification is generally expected, a statement as to whether completing the program bestows the license or certification immediately, or prepares students to take a licensing or certification examination; if applicable, the discussion should include whether the program departs from accreditation or licensing standards, and in what specific ways
- If the program is part of a progressive award structure (e.g., it is part of a sequence of stackable certificates), a discussion of the award’s place in the progression

For ADTs (but not UCTPs or other awards), the following statutory language must appear at the end of the catalog description:

The Associate in <Arts|Science> in <discipline> for Transfer (<discipline> <AA-T|AS-T>) is intended for students who plan to complete a bachelor’s degree in <discipline> or a similar major at a CSU campus. For a current list of what majors (and what options or areas of emphasis within that major) have been designated as “similar” to this degree at each CSU campus, please refer to <https://adegreewithaquarter.com/en-us/find-your-path> and seek guidance from a Ventura College counselor. Students completing this degree are guaranteed admission to the CSU system, although not necessarily to a particular CSU campus or major.

Students transferring to a CSU campus that accepts the <discipline> <AA-T|AS-T> will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is a designated “high-unit” major at a particular campus). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

Program Requirements

This field corresponds to the applicable paragraph(s) of Item 2 (ADTs and UCTPs only) or Item 3 (all other program types) of the completed Narrative. (This is one of the few CIM fields for which it may make sense to complete it in CIM before transferring the information to the Narrative, to take advantage of the table formatting features in CIM.)

Complete for all new or revised awards. At minimum, this should include a list of all major courses, including core courses and restricted electives, and total units in the major. Do not include courses that

are GE but do not apply to the major. However, for transfer degrees only (ADTs and UCTPs), obtain this information from the TMC instead (but do not copy and paste the TMC form directly into CIM; use CIM's formatting tool instead to structure the course lists).

Within each subsection (Core, List A, List B, etc.), alphabetize courses by discipline and ID number whenever possible. This makes the requirements easier for counselors and students to read.

Do not include course sequencing or plan(s) of study in this section; there is another field in CIM for this information.

For ADTs (but not UCTPs or other awards), the following statutory language should precede the list of required courses:

To earn an Associate in <Arts/Science> in <discipline> for Transfer degree, students must meet the following requirements:

(1) Complete 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following:

(A) The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education-Breadth (CSUGE-Breadth) Requirements.

(B) A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.

(2) Obtain a minimum grade point average (GPA) of 2.0 in all CSU transferable coursework. While a minimum GPA of 2.0 is required for admission, some transfer institutions and majors may require a higher GPA. Please consult with a counselor for more information.

(3) Obtain a grade of "C" or better or "P" in all courses required in the major. Even though a "P" grade is allowed (Title 5 section 55063), it is recommended that students complete their major courses with a letter grade ("A," "B," or "C") due to unit limitations on "P/NP" courses.

(4) Complete a minimum of 12 units in residence at Ventura College.

The basis for items (1) and (2) above is SB 1440 ([Ed Code Section 66746](#)), and the basis for items (3) and (4) is [Title 5 Section 55063](#).

Plan of Study

This field corresponds to the portion of Item 3 of the completed Narrative that relates to course sequencing. (This is one of the few CIM fields for which it may make sense to complete it in CIM before transferring the information to the Narrative, to take advantage of the table formatting features in CIM.)

This field is not required for transfer degrees but should be completed for all other proposals. If certain required courses for the program are not offered every semester, this field should give an idea of the specific semesters in which students may reasonably expect these courses to be offered. Program-applicable courses should be run at least once every two years, regardless of enrollment; otherwise students cannot complete the program in a reasonable amount of time, in contravention to accreditation requirements. Programs whose required courses do not make at least once per biennium should be modified to exclude problematic courses or provide alternative course selections.

Plans of study for local and CTE associate degrees should aim for completion within two years, except for high-unit programs. For these degrees, listing recommended GE courses is optional, but the number

of units per semester allotted for major courses should be low enough (typically 8–10) to allow for concurrent completion of general education requirements. Prerequisite relationships must also be accounted for (*e.g.*, advanced courses should not be scheduled in earlier terms than beginning courses).

Enrollment and Completer Projections

Ideally, this field should correspond to Item 5(A) of the completed Narrative; however, there is no good way to enter the required tabular data for Item 5(A) into the CMS. A statement of the estimated annual enrollments and completers in the CMS data field will therefore have to suffice. This field is not required for transfer degrees but should be completed for all other proposals. In the Narrative, provide enrollment data from the past two years for each course satisfying program (major) requirements. A tabular format is often helpful, and the Narrative templates provide examples. The figures presented should be end-of-term enrollments, not census enrollments.

Simply stating a one-line estimate of program completers in the CMS without supporting data is not sufficient. Enlist the assistance of the Institutional Effectiveness division or the (state) Chancellor's Office Data Mart to obtain the expected supporting data, or include a brief discussion of the relationship between recent enrollment numbers and expected completers.

Place of Program in Curriculum/Similar Programs

This field corresponds to Item 6 of the completed Narrative. It is not required for transfer degrees but should be completed for all other proposals. This data entered should provide answers to the three following questions:

- a) Do any active inventory records (other active programs) need to be made inactive or changed in connection with the approval of the proposed program? If yes, please specify.
- b) Does the program replace any existing program(s) on the college's inventory? Provide relevant details if this program is related to the termination or scaling down of another program(s).
- c) What related programs are offered by the college?

If related programs are offered, the information presented in the Catalog Description field (and corresponding portion of the Narrative) should clearly distinguish this program from the related programs so students have a better idea which program would be most beneficial for them to pursue.

Similar Programs at Other Colleges in Service Area

This field corresponds to the portion of Item 7 of the completed Narrative that relates to similar programs offered at colleges within commuting distance of Ventura College, including Oxnard and Moorpark as well as nearby colleges in other districts. It is not required for transfer degrees but should be completed for all other proposals. The data provided should briefly describe each such program (catalog descriptions of the other colleges' programs may suffice; use the Attach Files button immediately following this field if needed). Describe similarities and differences between this program and the other colleges' programs and justify why Ventura College should also have this program. Possible reasons include, but are not limited to, any of the following:

- Other colleges' programs do not satisfy regional demand
- Ventura College's program would have a different emphasis or market from the other colleges' programs
- Transportation or other logistical issues make it unlikely that the Ventura College program would cause the other colleges' similar programs to suffer an enrollment decline

- Ventura College's program would have industry or university partnerships that could not be matched by the other colleges' programs
- Ventura College's program would include state-of-the-art offerings not available through the other colleges' programs
- The program is a collaboration between Ventura College and one or more of the other colleges that, if approved, would increase program completions, perhaps by making it easier for more students to enroll in or complete required courses

Transfer Preparation Information

This field has no correspondence with any program Narrative item.

It is only visible for transfer programs. Attach any supporting documents that do not fit elsewhere in the program proposal. Do not attach TMC, AAM, BCT, or GECC documentation here, as there are places for these elsewhere in the CIM program outline. Supplemental articulation agreements with feeder CSU institutions might be included here.

Master Planning

This field corresponds to Item 4 of the completed Narrative. It is not required for transfer degrees but should be completed for all other proposals. Its contents should discuss the anticipated role of the program in fulfilling the college's mission, the district's master plan, and (for credit programs) statewide master planning, as required by [Title 5 sections 55130\(b\)\(6\) and 55130\(b\)\(7\)](#).

The discussion may also include (as appropriate to illustrate the program's role)

- The history or other context for the program
- How the program is relevant to the college or region, including statements of community support
- Documentation of the need for the program (references may be provided to other sections of the Narrative rather than duplicating information provided elsewhere)
- Discussion of how the need for the program was identified through the program review process, and how it is expected that program review will periodically assess the continuing need for the program
- Documentation of the need and justification for expenditures for new faculty hires, facilities (including renovation or new construction), and equipment to establish and maintain the program (programs requiring large expenditures for facilities and equipment must itemize expected program-related costs and revenues for the next several years)
- Justification of required courses if there is not a clear relationship between the course and program goals
- Justification for high-unit programs (those exceeding 60 units including GE)
- For CTE programs only, if offered in close cooperation with one or more specific employers (*e.g.*, Haas, Ohana, *etc.*), a discussion of any employer facilities or support-in-kind the program will use, and how the college will satisfy open enrollment requirements in this context
- For CTE, references to attached recommendations from regional consortia and/or advisory committees

Labor Market Information and Analysis

This field has no correspondence with any program Narrative item.

It is only visible for new CTE programs. Use the Attach File button below the text box to attach a copy of the LMI report. The originator may optionally include a summary or other discussion of the LMI in the text box portion of the field.

Advisory Committee Recommendation

This field corresponds to the portion of Item 3 of the completed Narrative in which the advisory committee's thinking (in relation to formulating its recommendation) is documented. The field is only visible for new CTE programs. Use the text box portion of the field to discuss the advisory committee's approach in developing the recommendation. The advisory committee may recommend against implementing the program but cannot block the college from creating it. However, if the college departs from the advisory committee's recommendation, it must also explain the departure here.

In addition, use the Attach File button below the text box to attach a copy of the minutes from the advisory committee meeting(s) during which the committee formulated its recommendation for the program. These minutes should be referenced in the text box portion of the field and in Item 3 of the Narrative.

Regional Consortia Approval Meeting Minutes

This field has no correspondence with any program Narrative item.

This field is only visible for new CTE programs. Use the Attach File button below the text box to attach a copy of the minutes from the regional consortium meeting during which the group formulated a recommendation for the program. The regional consortium may recommend against implementing the program but cannot block the college from creating it. The originator may optionally use the text box portion of the field to summarize or discuss the recommendation. These minutes should be referenced in Item 7 of the Narrative.

Supporting Documents Required for Transfer Program

This field has no correspondence with any program Narrative item.

This field is visible for all programs, but only needs to be completed for transfer programs. Check the boxes indicating the supporting transfer documentation that will be attached to the CIM proposal. This is where the TMC, AAM, BCT, GECC, and other articulation support documents may be attached. The articulation officer will usually generate and attach these documents. Documentation may also be provided via the text boxes when appropriate.

Local Program

This field has no correspondence with any program Narrative item.

If a local program is intended to address community need, this is where the documentation for the need may be attached or input to the program proposal.

Program Student Learning Outcomes

This field corresponds to the last portion of Item 1 (ADTs and UCTPs only) or the last portion of Item 2 (all other program types) of the completed Narrative. Enumerate the PSLOs for the program, using a separate box for each outcome. These must agree with the PSLOs in TracDat.

Required Major Units/Hours

This field has no correspondence with any program Narrative item. However, the information requested may be obtained from the Narrative item in which course requirements for the program are listed.

Document the minimum and maximum number of major units (credit) or hours (noncredit) a student must successfully complete to earn the program award. The curriculum leadership team can assist faculty in determining these numbers. For transfer degrees, it is often best to refer this task to the articulation officer. Do not include GE units in this total.

Units for Area of Emphasis/Option

These fields have no correspondence with any program Narrative item. However, the information requested may be obtained from the Narrative item in which course requirements for the program are listed.

They are only visible for credit programs. Leave these blank. The articulation officer or technical review team will complete these fields if they are necessary.

Clock Hours for Program

These fields have no correspondence with any program Narrative item.

They are generally not visible. Leave them blank if you see them. Ventura College does not offer any clock-hour programs.

VCCCD GE

This field has no correspondence with any program Narrative item.

It is only visible for traditional degree programs. For new programs, select “YES” if the field is visible; for revisions, retain the current setting. Do not edit the text boxes (leave these for the articulation officer to complete unless you know what you are doing).

GE Pattern of a Transfer Institution

This field has no correspondence with any program Narrative item.

It is only visible for traditional degree programs. For new programs, select “NO” if the field is visible; for revisions, retain the current setting. Do not edit the text boxes (leave these for the articulation officer to complete unless you know what you are doing).

CSU GE-Breadth

This field has no correspondence with any program Narrative item.

It is only visible for degree programs. For new programs, select “YES” for an ADT and “NO” for a traditional AA or AS degree or a UCTP degree; for revisions, retain the current setting. Do not edit the text boxes (leave these for the articulation officer to complete unless you know what you are doing).

CSU GE-Breadth for STEM

This field has no correspondence with any program Narrative item.

It is only visible for AS-T degree programs. For new programs, select “NO” in most cases unless the TMC specifies use of this pattern; for revisions, retain the current setting. Do not edit the text boxes (leave these for the articulation officer to complete unless you know what you are doing).

IGETC

This field has no correspondence with any program Narrative item.

It is only visible for degree programs. For new programs, select “YES” for an ADT or UCTP and “NO” for a traditional AA or AS degree; for revisions, retain the current setting. Do not edit the text boxes (leave these for the articulation officer to complete unless you know what you are doing).

IGETC for STEM

This field has no correspondence with any program Narrative item.

It is only visible for AS-T degree programs. For new programs, select “NO” in most cases unless the TMC specifies use of this pattern; for revisions, retain the current setting. Do not edit the text boxes (leave these for the articulation officer to complete unless you know what you are doing).

Total General Education Units

These fields have no correspondence with any program Narrative item.

They are only visible for degree programs. Do not edit these (leave them for the articulation officer to complete unless you know what you are doing).

Total Double-Count Units

These fields have no correspondence with any program Narrative item.

They are only visible for degree programs. Do not edit these (leave them for the articulation officer to complete unless you know what you are doing).

Elective Units

These fields have no correspondence with any program Narrative item.

They are only visible for credit programs. Do not edit these (leave them for the articulation officer to complete unless you know what you are doing).

Total Units/Hours for Program

These fields have no correspondence with any program Narrative item.

They are only visible for credit programs. Do not edit these (leave them for the articulation officer to complete unless you know what you are doing).

Program TOP Code

This field has no correspondence with any program Narrative item.

Select a Taxonomy of Programs code for the program. Use a CTE TOP code (with an asterisk in the [TOP Code Manual](#)) for CTE programs, a non-CTE TOP code for local programs, and the TOP code specified in the TMC for transfer degrees. For revisions, do not change the TOP code without good cause.

Program CIP Code

This field has no correspondence with any program Narrative item.

For new programs, either leave this blank for the technical review team to complete, or use a [crosswalk](#) to look up the CIP code associated with the TOP code. If several CIP codes are available, select the one most closely representing the purpose of the program. For revisions, do not change the CIP code without good cause.

SOC (Standard Occupational Classification) Code

This field has no correspondence with any program Narrative item.

Do not modify this field. For new programs, it will be completed during technical review.

All C-ID Eligible Courses Have Been Submitted and Approved

This field has no correspondence with any program Narrative item.

This field is only visible for ADT programs. Do not modify this field. For new programs, leave it for the articulation officer to complete.

Annual Completers

This field has no correspondence with any program Narrative item. It should, however, agree with the annual completer projection stated in Item 5.

This field is not required for transfer programs. For CTE and local programs, summarize the projected number of completers from the discussion in the Enrollment and Completer Projections field. For new programs, it should match the value provided on the CP-3 (credit) or NP-3 (noncredit) form.

Faculty Workload

This field has no correspondence with any program Narrative item.

Estimate the FTEF that will be dedicated to teaching all sections of all courses in this program each year. Include all required courses, not just the ones added recently to support the program, even if some of the courses also support other programs. For new programs, the number should match the value provided on the CP-3 (credit) or NP-3 (noncredit) form.

New Faculty Positions

This field has no correspondence with any program Narrative item.

In consultation with your dean, estimate the number of identified faculty positions required to support the program. Include both full-time and adjunct faculty. For new programs, the number should match the value provided on the CP-3 (credit) or NP-3 (noncredit) form. Discuss and justify new faculty positions in Item 4 of the program Narrative and in the Master Planning field in the program outline.

New Equipment Narrative

This field has no correspondence with any program Narrative item.

Itemize new equipment needed to support the program, including costs. For new programs, the total cost should match the value provided on the CP-3 (credit) or NP-3 (noncredit) form. Discuss and justify new equipment expenditures in Item 4 of the program Narrative and in the Master Planning field in the program outline.

New or Remodel Facility

This field has no correspondence with any program Narrative item.

Itemize new facilities needed to support the program, including estimated costs. For new programs, the total cost should match the value provided on the CP-3 (credit) or NP-3 (noncredit) form. Discuss and justify facility costs in Item 4 of the program Narrative and in the Master Planning field in the program outline.

Library Acquisitions

This field has no correspondence with any program Narrative item.

In consultation with the librarian, estimate the cost of required library acquisitions needed to support the program. This may include books, journal or database subscriptions, software, or other items. For new programs, the total cost should match the value provided on the CP-3 (credit) or NP-3 (noncredit) form.

Distance Education

This field has no correspondence with any program Narrative item.

Estimate the percentage of the program that students may complete by taking distance education courses. Select the corresponding range from the drop-down menu. Select 100% if there is any pathway to the degree for which all the core courses and a sufficient number of restricted electives and general education courses are approved for offering via distance education such that a student could complete the program (at least theoretically) by enrolling only in classes taught via distance education modalities (51% or more online). For degree programs, include general education courses as well as major courses. Weight the percentage estimate by number of courses rather than by number of units.

Example 1: A certificate of achievement with five core courses, four of which were approved to be offered online, would be 80% online, even if not all the courses awarded the same number of units.

Example 2: Another certificate of achievement with four core courses (all approved to be offered online) plus a restricted elective could be either 80% online (if none of the restricted electives were approved for an online modality) or 100% online (if one or more of the restricted electives were approved to be offered online). In the latter case, the certificate would be 100% online even if not all the restricted electives were approved for DE, provided that at least one of them was.

It does not matter whether the courses are offered online in practice, only that they could be in principle. However, do not count courses for which distance education is only approved for use in emergency situations. The curriculum leadership team can provide you with data to help you determine which courses are approved for DE.

Approval Dates

Do not edit the approval dates or state control number if they are visible. These are the responsibility of the curriculum technician to complete. Exception: If you created a program by making a copy of an existing program (for example, if you created an Associate Degree program by copying a Certificate of Achievement program outline in the CMS), the new program outline may still display the original program's state control number. Please blank this out so the curriculum technician may complete it later with the new number assigned by the state following chaptering or approval. Every program has a different control number, even linked AS and COA programs; do not re-use an old control number from a COA when creating a linked AS or vice-versa.

If you still have questions regarding any of these fields after reading about them, please refer them to the curriculum leadership team.
