*Motion by: M. Bowen*

*Seconded by: D. Farias*

*Discussion: R. Pettifils discussed MATH N113 as it is a new course. Course includes additional support for students before taking a college Math course. Can be taken concurrently with math class. Covers basic Algebra.*

*MATH Dept has researched assessment tools to use rather than graded testing for students to know if they've met the needed skills and attendance hours. Class intended to be tailored to the student and their needs.*

*Reminder: VPAT Voluntary Product Accessibility Test – Informs instructors if the assessments/tools they implement can be used with a screen reader, or captioning, etc.*

*Privacy Statement is also important to avoid Student Information being sold – just a reminder when using 3<sup>rd</sup> party tools.*

*Seconded by: J. Clark*

*Discussion: E. Martinsen discussed the ESL programs. Dept research has shown would like more milestones in the ESL program. These certificates will be the milestones as well as graduation events. Each are 2 course certificates.*

*Q: Is the 9-week back-to-back option an advertisement or a requirement option?*

*A: This was added since the State is keen to get students through these programs faster, and statement was added to let students know that format is an option.*

*Q: Are the milestones internal or is it something beneficial to the student as they finish the program and leave our institution?*

*A: These are new formal which can be transcribed, and could take to an employer as well. Hopefully this will lead to better employment prospects for students. These two certificates will be VC's first Certificates of Competency. Congratulations to Eric and team!*

*Question on Social Work and Human Services – a recommendation was presented to have our program match Dominguez Hills program with ANAT and PHYS connected. The TMC listing answered all concerns for student success. Ok to proceed.*
