SA	Assessment	OUT2005	Seeking funds to provide for Ventura College promotional items for use at events and programs.	2019-2020	\$2,500	5	1		
			Providing new students with critical and relevant information as soon as they enroll at Ventura College is an important factor in determining their success. This request is for funds to update the student handbook for First-Semester Course Planning Session (FCS) for new students and make it into an online readable format that students can access via our website. This handbook provides students with relevant and important information needed to assist them in determining what courses to enroll for their first semester at Ventura College as well as services available to them to assist them in their	2019-2020, 2018-2019,					
SA	Counseling		support at VC.	2017-2018	\$15,000	8	2		
			Our program Giveaways for New Student Orientation is a way for students to connect with other members from our program, staff and tutors. One way to connect with students is having an orientation in our center and providing program giveaways to make them feel they are part of a program. This will increase participation and increase student contact. Offering T-shirts and useful supplies with program						
SA	MESA	MESA1906	logo will increase our student community.	2019-2020	5,000	1	3		
			With the input of faculty (Department Chairs) identify key learning supplies and supplemental materials that will support tutoring of students in classes that are considered barrier courses. Additionally, request learning supplies and materials to	2019-2020, 2018-2019,	We would like to request \$10,000 to cover English, STEM, and remedial				
SA	Tutoring Center		support students who are in need of remedial course review.	2017-2018	courses.	3	4		
SA	Counseling		Providing students with critical information early on is one of the keys to success. This request is for funds to produce marketing materials to target students in gatekeeper courses and CE Programs to educate them about the importance of meeting with a counselor. Data has shown that when students receive information about available services early on they are more likely to utilize that service because they are aware that it exists, by creating marketing materials for specific students and their needs, our department will have a higher likelyhood that students will make appointments with counselors and reach out to us for assistance when they needed it.	2019-2020	\$15,000		5		
AA	Agriculture		Instructional Supplies - Supplies are desperately needed to modernize instruction of agricultural courses. Current models, lab equipment, etc. is from the 1950-1960 era and is very much out of date.		20000	5

			The stresses on the Ventura College Library databases budget have only increased. While the use of						
			CARES funding has dramatically increased our ability to meet the faculty and student needs in terms of						
			being a 21st century, digitally-oriented library, when these CARES funds expire and faculty and students						
			have become accustomed to the wealth of resources to which we now provide access, it will be a rude						
			awakening the dramatic cuts that we will have to make. We will not need to keep all of the databases						
			that we subscribed to during COVID-19, but many of them are worthy of maintaining our institutional						
AA	Library	LIB2001	access.		\$40,000	1			
AA	Library	LIB1904	Reestablish on-going, yearly financial support from the campus general fund (111) for the Library book collection. Presently, the VC Library receives \$0 in general fund financial support. In past years, Fund 111 (FOAP 111-31013-6300-612000) would provide between \$30,000-\$49,000 a year to the Library. In FY17 and FY18 111-31013-6300-612000 provided for a line item for a book budget (although we were not allowed to spend it for a variety of reasons), in FY19 this FOAP provided a line item with \$0 in this account but currently in FY20 there is not even a Fund 111 line item for a Library book budget. This is an accreditation issue that the institution needs to provide general fund support for library materials. Fund 113 was designed to enhance NOT supplant GF support to the Library.	2019-2020	\$50,000	4			
	Library	LIB1902	One time funds needs to help refresh the outdated Library environment at VCSP. Based on the feedback received, we would then need funds to refresh the outdated collection, furniture and space. As part of a multi-year plan, we need to: - Purchase new materials to refresh the aging collection - Purchase new furniture The amount listed in the estimated cost is only for the funds needed in AY 20-21 to start updating the print collection. After the collection is refreshed, then we will ask for funding to purchase new furniture in a subsequent year's program region request.	2019-2020,	¢10.000	0
