

Without a catalog blurb (program catalog description) – the title appears to be a placeholder without further information on the public facing page. Some appear with a title and some do not and are just blank.

This is an example from OC's catalog with blurb (program catalog description), and ideally what this should look like when complete on the public facing page:

Example of a program with an outdated course (ID change, title change, unit change, inactivation). Program has not been updated in CIM, and the outdated course is appearing boxed in red on the public facing page.

## Child Development, Certificate of Achievement
