The Distance Education Team works closely with the VC Professional Development Coordination Council to provide timely and relevant Flex Workshops and on-going faculty support. To stay up to date on offered sessions and past session recordings, please refer to the **VC Professional Development SharePoint** site and the **VC DE Faculty Hub**.

The VC DE Team also facilitates the district-wide online teaching certification and re-certification courses.

🖳 Online Teacher Training Course in Canvas (OTTCC)

If you are interested in teaching online or hybrid (partially online) courses at VC, contact your department chair to see if you are a candidate to teach Online, or Hybrid courses. All online or hybrid instructors will enroll into a four-week online course that prepares and qualifies faculty to design and teach Partially Online (Hybrid) and Fully Online Distance Education (DE) courses using the Canvas Learning Management System.

About the OTTCC DE Certification Course

The four-week course is 100% online and taught by VCCCD Instructional Technologists/Designers and includes *optional* weekly live Zoom sessions. This competency-based course covers a variety of effective practices and strategies in online teaching, management techniques to improve student success, and online course design concepts. If you are new to online teaching in Canvas, your attendance at these live sessions is highly encouraged. At the successful conclusion of this course, participants will be awarded DE
